

SALARIES ADJUSTMENTS

*As suggested by the Frankfort Town Board
on Tuesday, October 13, 2026*

To The Town of Frankfort Electors:

The following tables show the adjustment made to salaries in order for them to have the same purchasing power of 2022. This information was obtained from U.S. Inflation Calculator, usinflationcalculator.com. using the year 2025. The figures reflect a 19.15% increase as prepared by the deputy clerk. This is a lower calculation than the U.S. Bureau of Labor Statistics Wage calculator.

Jumps in salaries occurred in 2017, and 2022. If approved -increases will not take effect until after elections in April of 2027, payable for the year 2028.

It has also been suggested to increase election workers pay by \$1 per hour. Currently inspectors receive \$16. Chief Inspectors \$18 per hour. The board has suggested to go to \$18 per hour for inspectors and \$20 per hour for Chief Inspectors beginning in the 2027 election cycle. There will be only two elections in 2027.

	2022 current	2028 proposed	2022 Purchasing Power	2028 Board Suggestion	% Change from 2022
